Funding category

Strategic Partnerships will be awarded to highly-capable and well-established organisations that can demonstrate:

- a strong track record of delivering public health projects in the Pacific and Southeast Asia in line with partner governments' health priorities;
- a commitment to working in a flexible, responsive and collegiate way with other DFAT partner organisations; and
- a breadth of expertise that spans at least 2 or 3 of DFAT's defined areas of work consistent with partner government priorities and demand.

Project funding will be awarded to organisations that:

- have a smaller thematic or geographical footprint than strategic partners; or
- are first-time recipients of DFAT public health funding; or
- are delivering an activity in a single and relatively narrow area of defined priority.

Note: There is no limit on the number of applications from an individual organisation.

What category of funding are you applying for? *   ○ Strategic Partnerships   ○ Projects

Eligibility check for strategic partnerships

To be considered for a strategic partnership, the Lead Organisation must meet the following criteria

The Lead Organisation has received funding from DFAT or partnered with DFAT on activities in the health sector previously *   ○ Yes   ○ No

Applicant is proposing to deliver on at least two priority areas of work, that are differentiated by thematic focus area or disease. *   ○ Yes   ○ No

Each consortium partner may, where relevant, attach letters of support from up to two referees.

These should address the organisation's experience and capacity to achieve the objectives of Regional Health Partnerships.

Organisations must ensure that their nominated referees do not have an actual or potential conflict of interest when acting as a referee. In particular, organisations must ensure that referees:

1. are not employees of the organisation, or the holder of a current executive office (or similar position) within the organisation, or have a business association with the organisation, or a subsidiary of the organisation;
2. are not their immediate family members, have no direct financial interest in this activity;
3. are not current or recent DFAT employees;
4. are available to be contacted after the call closing date; and
5. are able to provide comments in English.

DFAT reserves the right to check with nominated referees and with other persons or organisations at DFAT's discretion, the accuracy of information and quality of previous work performed including the resourcing of previous work.

For the purposes of this application, "recent DFAT employees" are those whose employment ceased within

the nine months prior to the submission of the proposal and who were substantially involved in the design, preparation, appraisal, review and/or daily management of this or substantially related programs, including activities under the Health Security Initiative (HSI) and/or other DFAT-funded health programming.

Referee Information

* indicates a required field

Applicants **must** attach letters of support from two referees. For consortia, two letters of support from referees **must** be provided for each consortium partner, which were attached on page 1 of this application. These should address the organisation's experience and capacity to achieve the objectives of Regional Health Partnerships. Organisations **must**

ensure that their nominated referees do not have an actual or potential conflict of interest when acting as a referee. In particular, organisations **must** ensure that referees:

1. are not employees of the organisation, or the holder of a current executive office (or similar position) within the organisation, or have a business association with the organisation, or a subsidiary organisation of the organisation;
2. are not their immediate family members, have no direct financial interest in this activity;
3. are not current or recent DFAT employees;
4. are available to be contacted after the Activity Proposal closing time; and
5. are able to provide comments in English.

DFAT reserves the right to check with nominated referees and with other persons or organisations at DFAT's discretion, the accuracy of information and quality of previous work performed including the resourcing of previous work. For the purposes of this application, "recent DFAT employees" are those whose employment ceased within the nine months prior to the submission of the proposal and who were substantially involved in the design, preparation, appraisal, review and/or daily management of this or substantially related programs, including activities under the Health Security Initiative (HSI) and/or other DFAT-funded health programming.
